

GAMEART

YOUR WORLD OF GAMES

ARGO

A tablet is shown at an angle, displaying a digital interface. The background is a high-resolution satellite image of Europe at night, with city lights glowing across the continent. Overlaid on this image is the 'GAMEART' logo in a large, bold, white sans-serif font. Below the logo, the tagline 'YOUR WORLD OF GAMES' is written in a smaller, white, all-caps sans-serif font. The tablet's black bezel is visible around the screen.

NEW THREE-SCREEN MULTI-GAME MACHINES

ARGO

Our new high quality, three-screen Multi-Game Machines are the perfect solution for casinos, arcades, gambling halls and other gaming environments. Configure your machines with a choice of GameArt's constantly growing portfolio of premium slots, which are optimised for land-based players.

ARGO Multi-Game Machines can be adjusted to meet local regulations, and fully customised to individual operator specifications.

Our Multi-Game Machines were established by gaming professionals with more than 20 years of industry experience, and are well known for their technical perfection and innovation.

JACKPOT

GameArt Mystery Jackpot supports up to 3 different Mystery Jackpots – Bronze, Silver and Gold, which are common for all machines in the network. Each of the Mystery Jackpots can be individually set up. The formation of Mystery Jackpot values is based on the stakes placed on all machines during the game and each Mystery Jackpot can be won randomly by each gaming machine.

CONFIGURABLE TO YOUR NEEDS

GameArt slot cabinets are created to be flexible, allowing different configuration options. They can be installed individually or arranged in groups of several slot machines, depending on the available area at the casino floors and meeting the operators' requirements.

ABOUT TRONIUS

Tronius d.o.o. is a leading casino gaming equipment provider based in Slovenia. We create high quality two and three screen slots, including our flagship TRON-E and ARGO ranges, along with other modern gaming machines. With more than two decades of experience in both land-based and online casino gaming, our products combine timeless quality with the latest trends and technologies, delivering an unparalleled gaming experience. Our machines feature premium quality slots developed by GameArt, one of the world's most exciting and rapidly growing game studios, giving our clients a valuable competitive advantage. All games used in Tronius machines have been carefully selected from GameArt's portfolio of more than 70 unique titles, and optimised for the most discerning land-based players. Our machines enable land-based operators to effectively capitalise on the massive growth of online gaming, benefiting from the fact many players will already be familiar with GameArt titles before they even enter a venue, thanks to their massive popularity online. We manufacture our gaming machines at two state-of-the-art facilities in Slovenia, and our products are certified by SIQ to GLI 11 standard. Tronius machines are installed in casinos across Europe, Latin America and India. You will find Tronius at major gaming trade shows across Europe and Latin America, and we will soon be launching a ground-breaking new device that seamlessly connects land-based, online and mobile slots.

ABOUT GAMEART

GameArt is a leading online casino software provider, creating high quality slots featuring state-of-the-art graphics and deeply engaging gameplay. Online and land-based players around the world already enjoy a portfolio of over 70 incredible GameArt titles, and at least one new game is released each month. A fast, but surprisingly affordable, custom slot development service is also offered, enabling operators to offer their players exclusive games.
